VOLUME 63 · SUBJECT INDEX

Adenosine, in cardiac arrhythmias, electrophysiology: editorial (Belardinelli & Lerman). 3
Ambulatory pulmonary arterial pressure in primary pulmonary hypertension, variability, relation to systemic arterial pressure, and plasma catecholamines (Richards *et al*). 103
Aneurysms and pulmonary arterial occlusions, forme fruste of Behçet's or Hughes-Stovin syndrome: case report (Bowman & Honey). 66
Angina, pain relief, electrical neurostimulators: editorial (Sanderson). 141
Aortic
  root replacement, total, technique for replacing prosthetic aortic valve after: technology (Shawkat *et al*). 260
  stenosis, critical, in infancy, open valvotomy (Burch *et al*). 37
  valve, balloon dilatation, adults, physician's view: viewpoint (Beatt). 207
    balloon dilatation, adults, surgeon's view: viewpoint (Treasure). 205
      in pulsatile flow model, assessment of valve area and gradient (Rosenthal *et al*). 238
    cusps absence, with mitral atresia, normal left ventricle, and intact ventricular septum: case report (Cabrera *et al*). 187
Arrhythmia risk, indicated by QT dispersion with long QT intervals (Day *et al*). 342
Arterial cardiac catheterisation, streptokinase treatment for femoral artery thrombosis after, infants and children (Brus *et al*). 291
Arthritis, gonococcal, complicated by acute pericarditis and pericardial effusion: case report (Wilson *et al*). 134
Ascending aorta, infected graft, managed by omental pedicel graft and irrigation: case report (Joyce *et al*). 370
Atrial
  fibrillation, what is meant by "controlled" ventricular rate? (Rawles). 157
  natriuretic factor, plasma concentrations, during and after reversion of ventricular tachycardia (Twidale *et al*). 154
Atrioventricular conduction disturbances in Lyme borreliosis, four cases and review (van der Linde *et al*). 162

Balloon dilatation
  of aortic valve, adults, physician's view: viewpoint (Beatt). 207
    adults, surgeon's view: viewpoint (Treasure). 205
    left ventricular function in elderly patients (Egeblad & Wennevold). 32
    in pulsatile flow model, assessment of valve area and gradient (Rosenthal *et al*). 238
  pulmonary valve, right sided endocarditis after: case report (Kalra *et al*). 368
    critical stenosis, neonates (Ladusans *et al*). 362
  of tricuspid stenosis caused by carcinoid heart disease: case report (Mullins *et al*). 249
Behçet's syndrome, pulmonary arterial occlusions and aneurysms: case report (Bowman & Honey). 66
Bleomycin, intrapericardial, in cardiac tamponade secondary to malignant pericardial effusion: case report (Cormican & Nyman). 61
Blood filled cyst of papillary muscle of mitral valve producing severe left ventricular outflow tract obstruction: case report (Arnold *et al*). 132
Bronchial carcinoid, malignant, operation with somatostatin infusion: case report (Darby *et al*). 55

C-reactive protein, serum, concentration in heart failure (Pye *et al*). 228
Carbon dioxide rebreathing method, in automated non-invasive measurement of cardiac output, dye dilution and thermodilution compared (Russell *et al*). 195
Carcinoid heart disease, tricuspid stenosis caused by, balloon dilatation: case report (Mullins *et al*). 249
Cardiac
  defects in children of mothers with high concentrations of plasma phenylalanine: editorial (Brenton). 143
  failure, haemodynamic changes caused by alteration of autonomic activity (Osterziel *et al*). 221
    mechanism of increased ventilatory response to exercise (Buller & Poole-Wilson). 281
    phaeochromocytoma and catecholamine induced cardiomyopathy presenting as (Sardesai *et al*). 234
    study of serum C-reactive protein concentration (Pye *et al*). 228
  output, measurement by carbon dioxide rebreathing method, dye dilution and thermodilution compared (Russell *et al*). 195
    non-invasive determination, by Doppler echocardiography and electrical bioimpedance (Northridge *et al*). 93
  tamponade, low pressure, diagnosis by Doppler echocardiography: case report (Hayes *et al*). 136
    secondary to malignant pericardial effusion, intrapericardial bleomycin: case report (Cormican & Nyman). 61
  proposals for new training programme: British cardiology (Joint Training and Manpower Group). 317
  staffing, United Kingdom 1988, fifth biennial survey: correspondence (Chamberlain). 262
Cardiomyopathy
  catecholamine induced, and phaeochromocytoma presenting as heart failure (Sardesai *et al*). 234
  dilated, presenting as arterial microembolisation: case report (Gillespie *et al*). 63
  restrictive: editorial (Wilmshurst & Katritsis). 323
    familial with atrioventricular block and skeletal myopathy (Fitzpatrick *et al*). 114
  see also Hypertrophic cardiomyopathy
Colour flow mapping *see* Doppler colour flow mapping
Complete transposition of the great arteries, preoperative measurement of pulmonary vascular resistance (Bush *et al*). 300
Congenital heart disease, changing role of non-invasive investigation, preoperative assessment (Sreeram *et al*). 345
Congenital malformations of the heart in relation to spleen abnormalities (Anderson *et al*). 122
Content of British Heart Journal: editorial (Krikler). 1
Cor triatriatum dexter, antemortem diagnosis by cross sectional echocardiography, adult: case report (Trakhtenbroit *et al*). 314
Coronary
  angiography, should it be performed in district hospitals?: editorial (Mills). 73
  arteriography, major complications, place of cardiac surgery (Stewart *et al*). 74
  arteriovenous fistula, complex, embolisation, 6 year old child, need for specialised embolisation techniques: case report (Reidy *et al*). 246
  artery disease, angiographically assessed, high density lipoprotein cholesterol and triglycerides as markers (Nikkilä *et al*). 78
    death rates after exercise in leisure time: epidemiology (Morris *et al*). 325
    risks after stopping smoking: correspondence (Peto).: (Conroy *et al*). 69
  left, anomalous origin from pulmonary trunk, Doppler flow mapping (Houston *et al*). 50
  care unit, patients presenting with acute chest pain, ECG prognostic importance (Metcalfe *et al*). 267
  heart disease *see* Coronary artery disease
Correspondence
  Fatal intrathoracic haemorrhage after cardiopulmonary resuscitation and treatment with streptokinase and heparin (Oakley).: (Haugeberg). 69
  Staffing in cardiology in the United Kingdom 1988: fifth biennial survey (Chamberlain). 262
  When does the risk of acute coronary heart disease in ex smokers fall to that in non-smokers? (Peto).: (Conroy *et al*). 69
Cross sectional echocardiography, antemortem diagnosis, cor triatriatum dexter, adult: case report (Trakhtenbroit *et al*). 314

Dale, Sir Henry: views from the past (Krikler). 77
Diabetic patients, exercise electrocardiography and thallium imaging, in asymptomatic coronary artery disease (Koistinen *et al*). 7
Digoxin, effect on paroxysmal atrial fibrillation, time of occurrence, duration, and ventricular rate (Rawles *et al*). 225
Doppler
  colour flow mapping of anomalous origin of left coronary artery from pulmonary trunk (Houston *et al*). 50
    evaluation of pulmonary arterial pressure, ductus arteriosus (Aziz & Tasneem). 295
    in pseudoaneurysm of RV outflow tract: case report (Sreeram *et al*). 129
    in pulmonary artery sling diagnosis, avoiding cardiac catheterisation: case report (Gnanapragasam *et al*). 251
  echocardiographic characteristics of normal and dysfunctioning prosthetic valves in tricuspid and mitral position (Pye *et al*). 41
    and electrical bioimpedance in non-invasive determination of cardiac output (Northridge *et al*). 93
    in diagnosis of low pressure cardiac tamponade: case report (Hayes *et al*). 136
    limitations, in assessment of prosthetic mitral valves function (Chambers *et al*). 189
Double inlet left ventricle, early diastolic clicks after Fontan procedure for, anatomical and physiological correlates (Redington *et al*). 304
Ductus arteriosus, pulmonary arterial pressure evaluation by Doppler colour flow mapping (Aziz & Tasneem). 295

Early diastolic clicks after Fontan procedure for double inlet left ventricle, anatomical and physiological correlates (Redington *et al*). **304**
Eating, haemodynamic effects of enalapril in moderate heart failure (Herrlin *et al*). **26**
haemodynamic effects of exercise after: editorial (Oakley). **5**: (Yi *et al*). **22**
Editorials
British Heart Journal: content . . . (Krikler). **1**
British Heart Journal, and style (Dawson). **1**
Cardiac defects in the children of mothers with high concentrations of plasma phenylalanine (Brenton). **143**
Electrical neurostimulators for pain relief in angina (Sanderson). **141**
Electrophysiological basis for the use of adenosine in the diagnosis and treatment of cardiac arrhythmias (Belardinelli & Lerman). **3**
Haemodynamic effects of eating (Oakley). **5**
Hypertrophic cardiomyopathy in the elderly (Shapiro). **265**
Hypertrophic cardiomyopathy: one disease or several? (Davies). **263**
Percutaneous transluminal coronary angioplasty: what next? (Sigwart). **321**
Restrictive cardiomyopathy (Wilmshurst & Katritsis). **323**
Should coronary angiography be performed in district hospitals? (Mills). **73**
Electrical bioimpedance, and Doppler echocardiography in non-invasive determination of cardiac output (Northridge *et al*). **93**
Electrocardiography
Bernard A Robinson 1888–1979, unknown pioneer: British cardiology (Hollman). **200**
importance in coronary care unit with patients presenting with acute chest pain (Metcalfe *et al*). **267**
Embolisation of complex coronary arteriovenous fistula, 6 year old child, need for specialised embolisation technique: case report (Reidy *et al*). **246**
Enalapril, haemodynamic effects after eating in moderate heart failure (Herrlin *et al*). **26**
Endocardial fibroelastosis, primary, dilated and contracted forms: case report (Carceller *et al*). **311**
Endocarditis, right sided, after balloon dilatation of pulmonary valve: case report (Kalra *et al*). **368**
Evans, William: views from the past (Leatham). **237**
Exercise
and eating, haemodynamic effects (Yi *et al*). **22**: editorial (Oakley). **5**
electrocardiography and thallium imaging, in asymptomatic coronary artery disease, diabetic patients (Koistinen *et al*). **7**
in leisure time, coronary attack and death rates: epidemiology (Morris *et al*). **325**

Factor VII coagulant activity, reduction by fixed dose warfarin (Poller *et al*). **231**
Familial restrictive cardiomyopathy with atrioventricular block and skeletal myopathy (Fitzpatrick *et al*). **114**
Femoral artery thrombosis after arterial cardiac catheterisation, streptokinase treatment, infants and children (Brus *et al*). **291**
Filling pattern, relation to diastolic function in severe left ventricular disease (Ng & Gibson). **209**
Fontan procedure for double inlet left ventricle, early diastolic clicks after, anatomical and physiological correlates (Redington *et al*). **304**
Food *see* Eating

Gonococcal arthritis complicated by acute pericarditis and pericardial effusion: case report (Wilson *et al*). **134**
Graft, infected, in ascending aorta managed by omental pedicel graft and irrigation: case report (Joyce *et al*). **370**

Haemodynamics after eating, *see* Eating
Haemorrhage, fatal intrathoracic, after cardiopulmonary resuscitation and treatment with streptokinase and heparin: correspondence (Oakley).: (Haugeberg). **69**
Hay Collection, publication of pictures: views from the past (Krikler). **68**
Heparin, monitoring effect during and after percutaneous transluminal coronary angioplasty (Rath & Bennett). **18**
High density lipoprotein cholesterol and triglycerides as markers of angiographically assessed coronary artery disease (Nikkilä *et al*). **78**
Hughes-Stovin syndrome, pulmonary arterial occlusions and aneurysms: case report (Bowman & Honey). **66**
Hydrochlorothiazide induced pulmonary oedema with shock, rare side effect mimicking myocardial infarction: case report (Hoegholm *et al*). **186**
Hypertension, primary pulmonary, ambulatory pulmonary arterial pressure, variability, relation to systemic arterial pressure, and plasma catecholamines (Richards *et al*). **103**
Hypertrophic cardiomyopathy
in elderly: editorial (Shapiro). **265**
one disease or several?: editorial (Davies). **263**
with normal left ventricular mass, sudden death: case report (Maron *et al*). **308**
without hypertrophy, two families with myocardial disarray in absence of increased myocardial mass (McKenna *et al*). **287**
Hypocalaemia, caused by myocardial function reversible impairment in hypoparathyroidism: case report (Csanády *et al*). **58**
Hypoparathyroidism, myocardial function reversible impairment, causing hypocalcaemia: case report (Csanády *et al*). **58**
Hypoplastic left heart syndrome, diagnosis by cross sectional echocardiograph, differentiation from other causes of right ventricular overload (Ludman *et al*). **355**

Infective endocarditis, enhanced morphological diagnosis by transoesophageal echocardiography (Taams *et al*). **109**

Late potentials, effect of thrombolysis on evolution, within 10 days of infarction (Eldar *et al*). **273**
Left
anterior descending coronary artery, stenosis, percutaneous transluminal coronary angioplasty with cardiopulmonary bypass: case report (Ueda *et al*). **178**
coronary artery origin from right pulmonary artery and ventricular septal defect in child of mother with raised plasma phenylalanine concentrations throughout pregnancy: case report (Henglein *et al*). **180**
Lewis Collection, publication of pictures: views from the past (Krikler). **68**
Lewis, Thomas, 1918 photograph: views from the past (Krikler). **68**
Lipid peroxidation during myocardial ischaemia induced by pacing (Oldroyd *et al*). **88**
Long axis dynamics of human left ventricle, functional importance (Jones *et al*). **215**
Lyme borreliosis, range of atrioventricular conduction disturbances, four cases and review (van der Linde *et al*). **162**

Magnetic resonance imaging, gadolinium-DTPA enhanced in thrombolytic treatment, myocardial infarction (van der Wall *et al*). **12**
Mediastinal mass, thrombosed saccular aneurysm of sinus of Valsalva as unusual cause: case report (Reid *et al*). **183**
Microembolisation, arterial, with dilated cardiomyopathy: case report (Gillespie *et al*). **63**
Monorail technique for percutaneous transluminal coronary angioplasty, first 1000 patients: technology (de Feyter *et al*). **253**
Myocardial function reversible impairment in hypoparathyroidism causing hypocalcaemia: case report (Csanády *et al*). **58**
Myocardial infarction
early detection with myoglobin serum concentrations without ST elevation (Ohman *et al*). **335**
effect of thrombolysis on evolution of late potentials within 10 days (Eldar *et al*). **273**
gadolinium-DTPA enhanced magnetic resonance imaging, diagnostic significance in thrombolytic treatment (van der Wall *et al*). **12**
importance of extent of ST depression (Strasberg *et al*). **339**
inflammatory response, neutrophil activation, and free radical production after thrombolytic treatment (Bell *et al*). **82**
presenting with pseudoxanthoma elasticum: case report (Slade *et al*). **372**
Myocardial ischaemia induced by pacing, lipid peroxidation during (Oldroyd *et al*). **88**
Myotonic dystrophy, congenital, cardiac involvement (Forsberg *et al*). **119**

  arterial occlusions and aneurysms, forme fruste of Behçet's or Hughes-Stovin syndrome: case report (Bowman & Honey). **66**
  arterial pressure, evaluation by Doppler colour flow mapping in ductus arteriosus (Aziz & Tasneem). **295**
  sling, definitive diagnosis by colour Doppler flow mapping avoiding cardiac catheterisation: case report (Gnanapragasam *et al*). **251**
  stenosis, echocardiographic appearance (Swan *et al*). **175**
  oedema with shock induced by hydrochlorothiazide, rare side effect mimicking myocardial infarction: case report (Hoegholm *et al*). **186**
  valve stenosis, critical, balloon dilatation, neonates (Ladusans *et al*). **362**
  vascular resistance in complete transposition of the great arteries, preoperative measurement (Bush *et al*). **300**
  vein, isolated, atresia, two patients (Cullen *et al*). **350**

QT dispersion, arrhythmia risk indication with long QT intervals (Day *et al*). **342**

Restrictive cardiomyopathy: editorial (Wilmshurst & Katritsis). **323**
Revascularisation, early therapeutic, and identification of high rate of silent ischaemia after myocardial infarction (de Belder *et al*). **145**
Robinson, Bernard A, 1888–1979, unknown pioneer of electrocardiography: British cardiology (Hollman). **200**
Rothschild, Paul: views from the past (Krikler). **369**

Silent ischaemia after myocardial infarction, identification of high risk and possible revascularisation (de Belder *et al*). **145**
Sinus of Valsalva, thrombosed saccular aneurysm, unusual cause of mediastinal mass: case report (Reid *et al*). **183**
Smoking, stopping and risks of coronary artery disease: correspondence (Peto).: (Conroy *et al*). **69**
Somatostatin infusion during operation for malignant bronchial carcinoid: case report (Darby *et al*). **55**
Spleen abnormalities in relation to congenital malformations of the heart (Anderson *et al*). **122**
ST
  depression in myocardial infarction, importance of extent (Strasberg *et al*). **339**
  elevation, in myocardial infarction, serum myoglobin concentrations without (Ohman *et al*). **335**
Staffing in cardiology, United Kingdom 1988, fifth biennial survey: correspondence (Chamberlain). **262**
Streptokinase
  after resuscitation, fatal intrathoracic haemorrhage: correspondence (Oakley).: (Haugeberg). **69**
  treatment for femoral artery thrombosis after arterial cardiac catheterisation, infants and children (Brus *et al*). **291**
Style of British Heart Journal: editorial (Dawson). **1**
Sudden death in hypertrophic cardiomyopathy with normal left ventricular mass: case report (Maron *et al*). **308**

Thallium imaging and exercise electrocardiography, in asymptomatic coronary artery disease, diabetic patients (Koistinen *et al*). **7**
Thrombolysis
  effect on evolution of late potentials within 10 days of infarction (Eldar *et al*). **273**
  for mycardial infarction, inflammatory response, neutrophil activation, and free radical production after (Bell *et al*). **82**
Thrombosed saccular aneurysm of sinus of Valsalva, unusual cause of mediastinal mass: case report (Reid *et al*). **183**
Transoesophageal echocardiography, in enhanced morphological diagnosis of infective endocarditis (Taams *et al*). **109**
Triscuspid stenosis caused by carcinoid heart disease, balloon dilatation: case report (Mullins *et al*). **249**
Triglycerides, and high density lipoprotein cholesterol as markers of angiographically assessed coronary artery disease (Nikkilä *et al*). **78**

Valve area and gradient, assessment by balloon dilatation of aortic valve (Rosenthal *et al*). **238**
Valvotomy, open, for critical aortic stenosis in infancy (Burch *et al*). **37**
Ventilatory response to exercise, increased, mechanism in chronic heart failure (Buller & Poole-Wilson). **281**
Ventricle (ventricular)
  left, disease, severe, relation of filling pattern to diastolic function (Ng & Gibson). **209**
  function during balloon dilatation, aortic valve, elderly patients (Egeblad & Wennevold). **32**
  sustained improvement after successful coronary angioplasty (Perry *et al*). **277**
  long axis dynamics, functional importance (Jones *et al*). **215**
  outflow tract obstruction, blood filled cyst of papillary muscle of mitral valve producing: case report (Arnold *et al*). **132**
  right, infarction, optimal value of filling pressure in right side of heart (Berisha *et al*). **98**
  outflow tract, pseudoaneurysm: case report (Sreeram *et al*). **129**
  overload, cross sectional echocardiographic identification of hypoplastic left heart syndrome and differentiation from other causes of (Ludman *et al*). **355**
  with modified loading conditions, pressure-volume relation changes (Redington *et al*). **45**
  rate, "controlled", meaning in atrial fibrillation (Rawles). **157**
  tachycardia, atrial natriuretic factor plasma concentrations, during and after reversion (Twidale *et al*). **154**
  familial, four families (Wren *et al*). **169**

Warfarin, fixed dose, reduction of factor VII coagulant activity (Poller *et al*). **231**
